

Innovation Think Tank Certificate

First Place

Pan-Canadian
Innovation Think Tank Certification
Program

Marius Fauteux

We are pleased to award you with this certificate in recognition of your successful completion of the Pan-Canadian Innovation Think Tank Certification Program at University of Montreal Hospital Research Centre (CRCHUM), Quebec from September 12th to September 17th, 2022. The program focused on key healthcare challenges in Canada, specifically through the combination of different targeted disease pathways and specific technological and clinical innovation trends.

You have fulfilled the following training goals:

- Learn the Innovation Think Tank methodology
- Explore intrinsic creativity and make use of diversity for out-of-box thinking
- Gain hands-on project experience
- Expand the network of like-minded people with best-practice sharing amongst participants.
- Apply experiential learning to gain understanding of various innovation methods and tools.

Congratulations!
