MEET A ROMANIAN SCIENTIST

We are proud to announce that on **February 3, 2011** at the Engineering School for Industry (Ecole de technologie supérieure, University of Québec) a **new Chair for research of modeling and simulation of aircraft** will be launched.

Chair holder is **Prof. Ruxandra Botez**, internationally known for her expertise in aero modeling and simulations of aircraft.

The chair's activity will focus on developing new testing methods for flight dynamics and control of planes and helicopters. Also, it will strive for the development of commanding technologies. Due to the research of Prof. Ruxandra Botez and her team, the number of flight tests for new aircraft was significantly reduced.

EVENTS OF THE PAST MONTH

On **January 26, 2011**, the Romanian Ambassador, together with the Ambassador of Switzerland hosted a reception in honor of the Romanian piano virtuoso **Radu Lupu** who performed at the National Arts Center.
